

Fens Science Ambassadors

We would like to introduce you to our Science Ambassadors. We have selected one ambassador from each class (Y1 to Y6). Our Science Ambassadors show an extra interest in all things Science at home and at school and demonstrate a flair for the subject. Our Science Ambassadors will play an important role in the promotion and development of Science across the school, as we work towards the Primary Science Mark.

Science Ambassadors responsibilities will include:

- Attending regular meetings to discuss ways we can improve Science across the school.
- Carry out Science experiments and share these with their peers
- Help organise Science Week
- Be involved in organizing and choosing winners for competitions
- Carry out pupil voice interviews about Science
- Developing leadership qualities
- Creating a buzz in school and instilling a passion for Science
- Speak to Governors and visitors
- Take part in Science assemblies
- Take part in Ogden Trust activities
