PSHE Focus: Relationships

TEAM

Year 1

Term: 2B

## Key Learning

This unit is inspired by the idea that if a team works well together, it can have a positive impact on all of its members and what they can achieve. It aims to enable the children to develop successful collaborative working skills, such as good listening. In this unit, children learn about the importance of being kind to others, the effects of bullying and teasing what to do about it if they see it happening to others or if it happens to them. They will also think about effective learning skills and how to identify good and not-so-good choices.

To be able to take part in a discussion about the feelings of being in a team;

To be able to identify the consequences of making good and not-so-good choices.

## Wider Learning

- Kind at Home: In this activity, children think of a way they can be kind at home and draw a picture of the kind act they performed.
- School Uniform: In this activity, children think about what it means to belong and design a new school uniform for the school.
- Draw on the lessons within this unit beyond the classroom, for example, on the playground, on school trips, at whole school events, so the children have the behaviours reinforced in different environments.
