

D&T focus	Mechanical Posters	Year 4	Term: 1A
-----------	--------------------	--------	----------

Key Vocabulary	
mechanism/ mechanical systems	Something that uses related components which act together to create a movement.
motion	Movement from one place to another.
pivot	To turn on a central point.

## The Design Process

**Exploring Mechanical Systems**

Many mechanisms take one type of input motion, and output it as a different type of motion.
