

Summer Reading Challenge

We are incredibly proud to celebrate our amazing children who have successfully completed the Summer Reading Challenge with Hartlepool Libraries! They brought their shiny new medals into school to show their classmates, and they were absolutely beaming with pride while sharing their achievement with their peers. It is fantastic to see our young readers keeping up their skills over the holidays. Huge congratulations on your hard work - keep shining and keep reading.

Attendance

Our attendance for last week was again **97%** giving us an overall attendance of 97.2% for the year to date.

Thank you for your support at home in getting our children into school and ready to learn!

Wow, KS2!

Our Key Stage 2 children have made a flying start on Reading Plus, clocking up nearly 1,000,000 words already! We are incredibly proud of your effort. Keep smashing those reading goals

Total words read so far this academic year:

998,571

Year 5 and 6 Football

Well-done to our boys' football team who competed in their league competition this morning. They demonstrated excellent teamwork, playing some brilliant football, and their attitude was fantastic throughout.

Friday 23rd October.
Halloween/Fancy Dress/Non-Uniform Day.

Friday 23rd October.
School closes for October half term holiday.

Monday 2nd November.
School reopens for second autumn half term.

Year 5 Engineers in the Making

Last week, our Year 5 children kicked off their first exciting session with Children Challenging Industry! The children started by exploring what the word "industry" actually means and discovered the incredible variety of career opportunities waiting for them in this sector. Then, they received a special mission! The team at Teesside Gas Processing Plant reached out to request our pupils' help with a leaking pipe challenge. Our young scientists jumped straight into action, testing and investigating a range of different sealants to figure out which one would work best to stop the leak. They absolutely loved getting hands-on with this real-world problem! A huge thank you to Mrs Millar for delivering an inspiring, practical session for our children.
