

### Hartlepool Borough Council's Big Conversation

The Council have launched a 'Big Conversation' in Hartlepool and invite you to take part.

Through the Big Conversation, the council are seeking to hear from residents and partners (adults and pupils) to find out how they feel about Hartlepool and the type of place they want Hartlepool to be in the future.

They will do this by hosting sessions in Community Hubs and through a range of groups and activities that the Council is already involved in. They also have a survey available for those who would prefer to share their thoughts in that way.

The survey is available online or paper versions can be picked up from a range of Council buildings including the Civic Centre, Community Hubs, branch libraries and sports centres. To find out more and to access the online survey please take a look on:

[www.hartlepool.gov.uk/big-conversation](http://www.hartlepool.gov.uk/big-conversation)

In addition to the survey (which closes at the end of the month), the above link will take you to other options for providing your thoughts.

#### Merit Winners

Well done to this week's merit winners. As well as having 100% attendance, they have also demonstrated our Commando Joe 'self-awareness' character value.

#### Aspire2Be

Our Year 6 children met Janine, Wes and Joey from the Royal Navy on Monday. They learned about the incredibly career paths that the Navy offers. They also learned how the Navy operates as one organisation, prevents conflict and offers security for our nation. The children loved making their own flares in the classroom which were then launched in the playground to end the session.

#### Footwear

A reminder that footwear worn in school by pupils should be black. Thank you.

#### Punctuality

A growing number of pupils are coming to school late on a morning. There is a ten-minute window following the gates opening on a morning at 8.45, giving plenty of time for children to be in school at the expected time.

#### Music Demo

Our KS2 pupils enjoyed a visit from Mr Preston on Tuesday, who showcased a musical instrument demonstration for the children. If any children in KS2 would like the opportunity to learn how to play a musical instrument, please see the contact information below. If children have expressed an interest in learning an instrument, they have also been given a leaflet to bring home for you to consider.
