Some of our Year 5 children were given the opportunity to see first-hand how work-related industrial processes operate in practice. The children enjoyed a range of activities and were even allowed to visit the control room to give instructions through their radios. A great morning was had by all - thank you TGPP for opening our children's minds to the world of work available locally and for bringing science to life.

Mrs Carey's class had a great morning at Pizza Express exploring what it is like to be a chef. Everyone had a go at making their own pizza and learned about the different ingredients they were using.
