

One Community, Growing and Learning Together

YOU SAID

WE DID

At Fens Primary School, we place high value on cultivating strong and positive relationships between school and home. Last year we conducted a Parent/ Carer questionnaire, as well as garnering feedback in other forms, in order to gather your perspective on how we are doing. As well as celebrating the overwhelmingly positive feedback, we also wanted to learn and act on some of the constructive feedback to improve our school in this area. Here are some of the ways that we have acted on your feedback...

I would like more correspondence with how my child is doing and what they are learning

- Parental Consultation evenings brought forwards in each term
- We created attainment and progress documents to share at parental consultation evenings to make this information clearer
- Communication between home and school streamlined: eSchools can be used for homework questions with all other queries/concerns to be through school office to ensure effective resolutions

It would be nice to know more about what they are learning in all subjects maybe a letter at the beginning of each half term then we can support them at home or arrange family outings to do with topics.

- Half-termly Curriculum Newsletters
- Curriculum Knowledge Organisers each half-term
- Homework and Spelling available to download from eSchools

As a parent I feel like we could be included more in the school.

There's generally a lack of photographic evidence on Facebook on what the class has been doing

- Curriculum Open Evenings
- Coffee mornings
- Reading Information evening
- EYFS social evening
- Summer and Christmas Fairs
- Share a story with me mornings
- Parent/carer readers visiting school
- EYFS Valentine and Mothers' Day events
- Many More to come...
- Facebook Communication updated regularly.

I would like to ask why there isn't really any play equipment in the school?

More widespread information about other clubs and opportunities outside of school hours would be beneficial such as what is available and how they can be accessed.

- Play equipment has been replenished and hard-wearing equipment chosen to replace existing equipment for longevity
- A range of lunchtime and after-school clubs available for all children. More information can be found at www.fensprimaryschool.co.uk/parents/extra-curricular

I also think more could be done for school trips. On residential visits: 'I think this is an essential part to play in a child's development'

- Following a period of COVID restrictions, we have returned to a full programme of educational visits – please see Facebook and Enrichment and Wider Personal development sections on school website
- Residential visits have been reinstated and Year 6 and Year 5 residential visits have been a success!
